**Effectiveness:**

Give a brief description of evidence you have that demonstrates effectiveness of your program/services. (This will be shared with parents).

The goals of the Kumon programs are to improve the ability of the students in Math and Reading as well as in their ability to study and learn independently. Individualization is the cornerstone of the Kumon Method. The Kumon programs are aligned with the state standards, the standards of the National Council of the Teachers of Mathematics, and the findings of the Report of the National Reading Panel: Teaching Children to Read.
